

WALK NUMBER 1

CIRCULAR WALK FROM THE VILLAGE HALL TO BEAVANS HILL

Approx 2 miles

From the village hall, cross over the road & turn left towards the Church. After the graveyard entrance on the right take a driveway on your right leading to Aston Court Farm.

Pass through the farmyard bearing left to a field gate & stile.

Once over this stile bear right uphill heading towards another field gate & stile.

Go over this stile. The path is diagonally across this field towards a large oak & then continue on the same line to a footbridge. (most people find it easier to walk round the boundary especially if the field has been cropped)

Cross over this bridge & head diagonally left towards a gate.

Continue through this gate keeping the hedge on your right. Pass a barn conversion on your left & walk along the track to a cream double garage.

Take an unmarked path on your left. (This might seem overgrown at times, but it is passable). When you reach the road, you will see a waymark post & stile on the left. Cross over the stile & head in the direction of a tree & pond in the middle of the field. Continue on this line to a stile.

Cross this stile & continue over one more stile with the field boundary on your left until you come to a ford.

Cross this ford & continue on the same line, keeping the hedge on your left & crossing 2 more stiles until you reach the road.

Turn left through the Church yard back to the hall.

Please keep dogs under control
